Re: LightSquared Subsidiary, LLC
Ex Parte Communication. IB Docket No. 11-109
IBSF File No. SAT-MOD-20101118-00239

Dear Secretary Dortch,

I find and hope that **LightSquareds** request to affirm its license will not be considered due to the interference caused to high precision GPS receivers. I and many other land surveyors have invested heavily in these products that provide an irreplaceable service to our profession.

Those who have proposed solutions to the problem appear to me to be self serving at best.

Please fully understand the ramifications of granting LightSquared the right to proceed.

Respectfully submitted,

R. Richard Howard, LS
Connecticut Land Surveyors Board of Directors
NSPS Board of Governors, Chairman-Elect
